The hardwood stools are produced from black cherry or maple trees grown in the Catamount Forest. They are crafted locally by Amish furniture makers in Heuvelton, New York; then finished by us. The clear finish brings out the natural beauty and character of the wood. Stools made out of black cherry will naturally darken over time. Stools also can be ordered with color accented legs (black or other Cabot solid color acrylic stains) for an additional \$10 per stool. And stools with swivel seats and backs can be ordered; if interested, please call (315-262-2450) or e-mail (info@catamountlodge.com) us about prices.
