The signs, like those used on Catamount trails, are made from reclaimed and weathered pressure treated pine decking boards that have rounded top and bottom edges. The boards are about 5 1/2 inches wide and 1 inch deep.

Letters and numbers are added using an electric router and templates. They are 2 5/8 inches tall.

Sign boards are finished any color in the Behr premium line of solid color exterior wood stains available at Home Depot stores. Letters and numbers are painted with exterior white paint for contrast, unless specified and agreed to otherwise.

Signs with up to 15 letters/numbers cost \$10 for base fee plus \$2 for each letter or number. Cost of longer signs is negotiated.

Signs come with two hooks on the top edge, with holes drilled in each top corner or with no hanging capability.
